

Court did this because they said, "Look, we are going to treat them, we are going to treat them just that way. We are not going to look at the substance of them as to whether they are good or bad. When somebody brings a case to the Supreme Court all we are going to do is look and see whether the form, the procedures, were followed." With the development in state government and the federal government of control almost exclusively anymore through rules and regulations, the Rules and Regulations Committee, Administrative Rules and Regulations, becomes one of the most important committees of the Legislature and Senator Kelly has a deep interest in it. I would urge you retain him as chairman of that committee.

PRESIDENT: Are there any further nominations for chairman of the Administrative Rules Committee? Senator Lewis.

SENATOR LEWIS: Mr. Chairman, I move the nominations cease and we cast a unanimous ballot for Senator Kelly and I was going to vote for him wholeheartedly until DeCamp made the nominating speech and it changed my mind a little bit, Ralph, but I am still going to go along with it.

PRESIDENT: The motion is that the nominations cease and the body unanimously elects Senator Ralph Kelly, chairman of the Administrative Rules Committee. Any discussion? All those in favor then of the Lewis motion to cast a unanimous ballot for Senator Kelly vote aye, opposed nay. Have you all voted? Record the vote.

CLERK: 40 ayes, 0 nays on adoption of the motion, Mr. President.

PRESIDENT: The motion is carried without dissent and, Senator Kelly, congratulations and you may if you want to make any kind of a speech at this point, just so it is not over thirty seconds.

SENATOR KELLY: Lieutenant Governor, I am much smarter than that.

PRESIDENT: Thank you, Senator Kelly. That was a good speech. That will conclude agenda item #8. We will proceed then to the introduction of new bills. Mr. Clerk, do you have some bills to read in?

CLERK: Yes, sir, I do. (Read by title for the first time LB 598 - LB 629.) (See pages 108-114 of the Journal.)
